

autobimini Smartphone APP with built-in diagnostics

Smartphone operation screen (Android or iOS)

The image shows the diagnostics screen of the autobimini smartphone app. At the top, there is a navigation bar with a back arrow, the text '< Bimini_ac41', and a 'Rename' link. Below the navigation bar is a list of system parameters. The parameters are grouped into sections: Supply, Motor, and Miscellaneous. Each parameter is listed with its value on the right. A yellow arrow points from the 'Diagnostics' link on the operation screen to this screen. Another yellow arrow points from the 'Motor 1 State' parameter to the text on the right.
